

ETK25MT, ultra-sonic gas meter, is one of the smart meters with the latest technologies and has many security functions developed by our best seller meters, STK25MT series. This meter has a built-in shut-off valve, a gas pressure sensor and a shock sensor. Also it has several communication ports which are used for communication with other devices or servers. The faster communication bus, U-Bus, is adopted in addition to all communication ports of STK25MT series. This meter closes the shut-off valve by its security function or by request from the server or devices such as a gas leak sensor.

Gas Meter Specifications		
Model	ETK25MT	ETK4MT
Maximum flow rate	2.5 m ³ /h	4.0 m ³ /h
Maximum operating pressure	3.5 kPa	
Absolute maximum pressure	10 kPa	
Maximum index	9,999.999 m ³	
Minimum index	0.2 L	
Dimension	Height (H)	146 mm
	Width (W)	174 mm
	Depth (D)	100 mm
Span between inlet and outlet	90 mm	
Connection pipe	1/2B(15A), 3/4B (20A)	
Operating temperature	-30 ~ 60 °C	
Gas flow direction	Left to right	
Weight	1.6 kg
