

STK25MT is one of the smart meters and has been produced for more than 20 years. This meter has a built-in shut-off valve, a gas pressure sensor and a shock sensor. Also it has several communication ports which are used for communication with other devices or servers. This meter closes the shut-off valve by its security function or by request from the server or devices such as a gas leak sensor.

Gas Meter Specifications			
Model		STK25MT1cP	
Maximum flow rate		2.5 m ³ /h	
Cyclic volume		0.7 L	
Maximum operating pressure		3.5 kPa	
Absolute maximum pressure		10 kPa	
Maximum index		9,999.999 m ³	
Minimum index		0.02 L	
Dimensions	Height (H)	251 mm	
	Width (W)	141 mm	166 mm
	Depth (D)	140 mm	
Span between inlet and outlet		90 mm	130 mm
Connection pipe		1/2B(15A), 3/4B (20A)	
Operating temperature		-30 ~ 60 °C	
Gas flow direction		Left to right	
Weight		2.8 kg
